

Remarks

In the subject Action, the Examiner required Applicants to elect a species for examination on the merits. Applicants hereby elect the seventh enumerated species (shown in Figure 17), and respectfully submit that all of pending claims 3-10 read on the elected species.

Applicants also request that the specification be amended as set forth above to update the cross-reference to related applications.

Having addressed the issue raised in the subject Action, Applicants respectfully request favorable examination of claims 3-10.

Respectfully submitted,

Mark A. Krull
